

God Sends a Rainbow

Genesis 8:15-22

Fall Unit 2:
Noah

Bible Verse:

"We are God's masterpiece.
He created us to do good things." Ephesians 2:10

God's Word & Me (Bottom Line):

God helps us to do good things and obey Him.

Noah and his family and all the animals had been living on the big boat for many days! It had **rained** and rained and rained! But now the rain had stopped. The water had dried up. It was time to leave the boat.

Noah opened the big door in the side of the boat. Then Noah brought the animals off the boat. Thump-thump-thump. Out came the elephants waving their trunks. Hippity-hop, hippity-hop, hippity-hop came the floppy-eared rabbits. The woolly lambs said "Baa-baa" as they skipped out the door.

Trot-trot-trot came the horses. And the **birds** flew high, high up in the sky.

Noah and his family walked out of the boat. They stretched and breathed the clean fresh air.

Noah said, "God was good to care for us. We will give God thanks." Together, Noah and his family **prayed**, "Thank You, God, for caring for us in the big boat."

Then God made a very special promise. God said, "I will NEVER again cover the whole earth with water. I will put a rainbow in the sky to remind everyone of My promise."

And God did just that—He put a brightly colored **rainbow** up in the sky. Noah, his family and all the animals could see it!

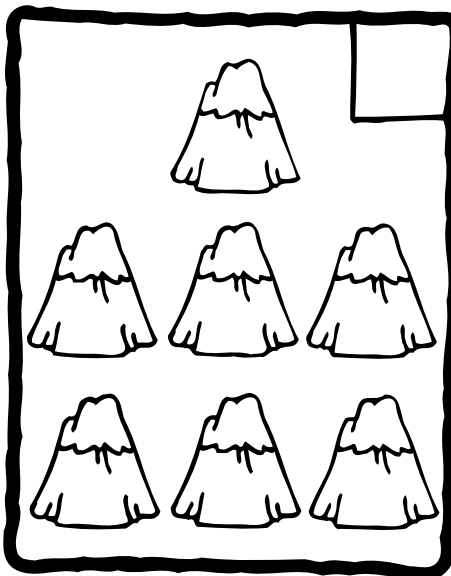

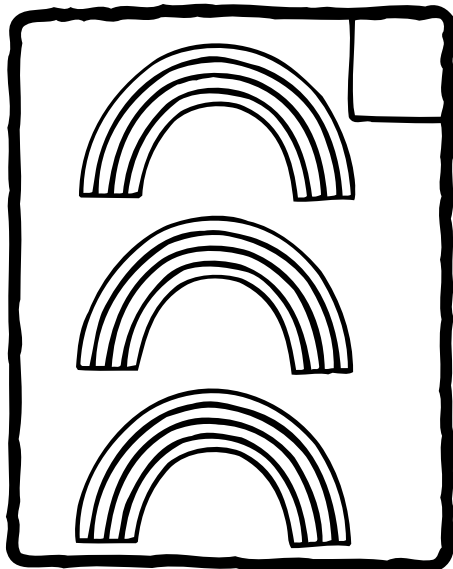

Noah and his family remembered God's promise every time they saw a rainbow! Today when we see a rainbow, we can remember God's promise, too. We can remember God's love and help.

Count the number of objects in each box. Then write the number in the little . Draw a ★ in the box that has **more** than 5 objects. (**More** means a bigger number.)

1 2 3 4 5 6 7 8

God put a rainbow in the sky to remind Noah and his family of God's love and help. They thanked God. We can thank God for helping us, too. The Bible says, "God, we give you thanks." 1 Chronicles 29:13

Color the rainbows using **more** than 3 colors. Draw a line between the boxes that have an **equal** number of objects. (**Equal** means the same.)
