

STUDENT CHOIR

Dress Code Guidelines

Our goal in worship is to be a complement to the service, not a distraction. Because we are a part of a group, our clothing choices highlight our unity, while also acknowledging that the incline and construction of the choir loft and platform areas require conservative clothing choices. What is perfectly appropriate for school or the weekend may not work for a Sunday you are leading worship.

We know it's sometimes difficult to find the right thing to wear, but please do it anyway.
